## EDUCATION

### Tecnológico de Monterrey

B.S. in Computer Science, 6th Semester

Monterrey, Mexico

Aug. 2023 – Dec. 2027

- **Relevant Courses:** Object-Oriented Programming, Data Structures & Algorithms, Computational Mathematics
- **Certifications:** OCI 2025 Foundations Associate, OCI AI 2025 Foundations Associate, Foundations of Cybersecurity, CCNA: Introduction to Networks

## EXPERIENCE

### C3 AI

Software Development Engineer in Test Intern

Guadalajara, Mexico

Aug. 2026 – Present

- Develop **end-to-end (E2E) test automation** lifecycle for a **QA automation initiative dashboard** that automates QA procedures, covering upfront analysis, documentation, and implementation, as well as defining the **test automation strategies** adopted across the team, built with **Python**, **TypeScript**, and **Playwright**.
- Integrate automated tests into **CI/CD pipelines**, giving the team real-time **execution tracking** and full **traceability** of QA test results throughout the development process.

### CEMEX

IT Operations & Architecture Intern (P&IT)

Monterrey, Mexico

Aug. 2025 – Feb. 2026

- Contributed to the **Security Architecture Definition** project, leading **AI security research** evaluating LLM threat models, prompt injection risks, and secure AI integration patterns for enterprise adoption.
- Evaluated and classified **OT cybersecurity risks** following industry standards; optimized incident reporting workflows to increase operational visibility and support **data-driven decision-making**.

## PROJECTS

### Machtia | SwiftUI, SwiftData, Supabase, Gemini AI, Python

Oct. 2025 – Dec. 2025

- Engineered an **accessible mobile learning app** for coffee growers with limited tech experience, architecting the backend with **Supabase** (auth + REST API) and **SwiftData** for persistent local storage to deliver a full **end-to-end EdTech solution** with **synchronized progress tracking** and dynamic content updates across all user devices.
- Built a **Gemini-powered admin panel** where instructors create courses by submitting **YouTube videos**, automatically **chunked**, **transcribed**, and **indexed** into a vector store to power a **RAG-based chatbot** with high retrieval accuracy.

### HackMTY 2025 – Cappie | SwiftUI, FastAPI, Gemini AI, MySQL

Oct. 2025

- Built an **AI-powered personal finance coach** at Mexico's largest hackathon; used **Gemini AI** for **natural language** spending analysis and personalized savings goal generation via prompt engineering.
- Designed a **SwiftUI** mobile interface connected to a **FastAPI** backend with **MySQL**, delivering real-time financial insights and dynamic budget recommendations.

### Gamified Training System | ASP.NET, Unity, MySQL

Mar. 2025 – Jun. 2025

- Developed a **gamified employee training platform** for **OXXO** combining **Unity** interactive modules with an **ASP.NET** backend, increasing engagement through achievement systems and real-time progress dashboards via **RESTful APIs**.

## LEADERSHIP EXPERIENCE

### SEITC – Student Society of Computer Science Engineering

IT Coordinator

Monterrey, Mexico

Feb. 2025 – Present

- Contributed to the development of a **student content web platform** using **Agile** methodologies to centralize academic resources, improving community engagement and cross-team collaboration.

## TECHNICAL SKILLS

**Languages:** Python, C++, C#, Swift, PHP, JavaScript, TypeScript

**Frameworks & Web:** SwiftUI, React, FastAPI, ASP.NET, Node.js, Bootstrap, HTML/CSS

**Tools & Platforms:** Git, Linux, SQL, Oracle APEX, Power BI, Supabase, Docker, Cisco Packet Tracer

**AI & Cloud:** Gemini AI, Oracle Cloud Infrastructure (OCI), Google Cloud Platform (GCP), RAG Pipelines, Prompt Engineering, LLM Integration

**Spoken Languages:** Spanish (Native), English (B2)
